

CORAT AFRICA MATHEMATICS CHALLENGE

CORAT AFRICA has organized a capacity building school based Mathematics challenge scheduled for June/July 2017. The target pupils are for Std. 6, Std. 7 and Std. 8 with each class sitting a different examination for their class. The first series is scheduled for June 19th -31st July 2017.

To add value to the participating schools, the pupils shall be subjected to an exam set without multiple choices, hence they will be expected to write their responses(answers) in the spaces left below each question. The exams will comprise of 40 questions and is expected to be done in 2 hours.

The design of setting is intended to monitor learning and provide feedback which the subject teachers and Heads of Departments will use to improve on their teaching. The challenger will also help the teachers to realize the specific areas of difficulty and weaknesses of their students to enable them to undertake intervention measures before the learner proceeds to the final exam or to the next class. Using the comprehensive marking scheme and an analysis form format that we will provide, the teacher will be able to identify topics that have not been covered well and also the particular students who have problems in each topic so as to take remedial measures.

Each pupil will be charged 50 shillings which will take care of the setting of the exam and dispatch to respective schools. It will be accompanied with a comprehensive marking scheme and an analysis format.

The test shall be administered within the same school and classes of the participating pupils, invigilation being done by the school Director's/Principal's appointed official or staff.

The schools are free to choose the date when they would want to sit for the exam and then call us so that we can deliver the exam.

Payment can be done through MPESA or through CORAT AFRICA bank account which will be sent to you. CORAT Africa will issue receipts for any money sent through MPESA or deposited in the account.

Do not let your school miss out on this life changing, insightful and interactive Education Program.

For confirmations on your participation and further enquiries call CORAT AFRICA on **0737029441/0724569660**.

The June/July series are ready for dispatch.
